RE: **REQUEST FOR CONFIDENTIAL TREATMENT**

Request that Information Submitted to the Commission be Withheld from Public Inspection Pursuant to 47 C.F.R. §0.459 and 5 U.S.C. §552(b)(4): Five-Year Service Quality Improvement Plan Progress Report included in FCC Form 481

Confidential Financial Information – Subject to Protective Order in WC Docket Nos. 10-90, 07-135, 05-337, 03-109, 14-58, CC Docket Nos. 01-92, 96-45, GN Docket No. 09-51, WT Docket No. 10-208, Before the Federal Communications Commission

Dear Ms. Dortch:

In accordance with the annual reporting requirements of 47 C.F.R. §§54.313 and 54.422, Scott County Telephone Company (the Company), Study Area Code 403031 is submitting a completed FCC Form 481 to the Commission via its Electronic Comment Filing System (ECFS) in WC Docket No. 14-58. The Company, by its authorized representative, hereby requests confidential treatment of two attachments to its FCC Form 481: (1) the five-year service quality improvement plan progress report and (2) the financial annual report, both of which were redacted in the ECFS submission. The request for confidential treatment of the five-year plan progress report is being made pursuant to Section 0.459 of the Commission's rules and Exemption 4 of the Freedom of Information Act (FOIA). The request for confidential treatment of the financial annual report is being made pursuant to the FCC's June 17, 2015 *Protective Order* in WC Docket No. 10-90 *et al.* These

attachments contain competitively sensitive data that Scott County Telephone Company maintains as confidential and does not normally make available to the public. Release of this information would have a substantial negative impact on the Company.

Five-Year Service Quality Improvement Plan Progress Report

Pursuant to Section 0.459 of the Commission's rules and Exemption 4 of FOIA, Scott County Telephone Company requests that the text and data extracted from its five-year service quality improvement plan progress report be withheld from public inspection because it contains competitively sensitive commercial and financial information that the Company keeps confidential. Public availability of this information would have a substantial negative impact on the Company.

In accordance with Section 0.459 of the Commission's rules, the following information is provided in support of this request:

(1) Identification of the specific information for which confidential treatment is sought:

Attachment to Line 112 of FCC Form 481 – Five-Year Service Quality Improvement Plan Progress Report. Specifically, confidential treatment is sought for all information in the five-year plan progress report related to the Company's access line counts, existing broadband capabilities, and current and planned financial investments in its network that will improve service quality, service coverage, and/or service capacity for its customers.

(2) Identification of the Commission proceeding in which the information was submitted or a description of the circumstances giving rise to the submission:

The information was submitted in WC Docket No. 14-58 as an attachment to FCC Form 481- the Carrier Annual Reporting Data Collection Form. Section 100 of FCC Form 481 requires incumbent local exchange carriers receiving high cost support to attach a progress report on its five-year service quality improvement plan, pursuant to 47 C.F.R. §54.313(a)(1).

(3) Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged:

The five-year service quality improvement plan progress report contains granular information on the Company's access line counts and/or existing broadband capabilities as well as recent and planned capital investments in its network to improve service quality, service coverage, and/or service capacity. It also contains a map of the Company's service area detailing progress toward meeting broadband

deployment targets at the wire center level. This is closely guarded, privileged information that the Company does not make publicly available.

- (4) Explanation of the degree to which the information concerns a service that is subject to competition:

Broadband is subject to increasing competition in the areas served by rural, rate-of-return incumbent local exchange carriers (RLECs). Virtually all RLECs face competition from one or more wireless Internet service providers. Most RLECs also face competition from at least one other wireline broadband provider, such as a larger cable company, who will typically seek to "cherry pick" the lower cost portions of the study area. In addition, all RLECs face competition throughout their territories from satellite broadband providers.

- (5) Explanation of how disclosure of the information could result in substantial competitive harm:

Disclosure of the information contained in the five-year plan progress report would provide competitors with detailed, granular information regarding the Company's access line count, its existing broadband capabilities, and its recent and planned network investments that improve service quality, coverage, and/or capacity for subscribers. This would give competitors invaluable confidential information with which to develop their own strategies for investing in the service area, thereby bringing substantial competitive harm to the Company.

- (6) Identification of any measures taken by the submitting party to prevent unauthorized disclosure:

The Company has continually treated the extracted information in its five-year plan progress report as confidential and carefully controls the information to protect it from competitors. Access to the information is limited to employees that require it and to non-employees with confidentiality obligations such as lenders, consultants, auditors, and attorneys. In addition, when such information is required to be submitted to a state regulatory authority it has been filed as confidential information, not available to the public.

- (7) Identification of whether the information is available to the public and the extent of any previous disclosure of the information to third parties:

The redacted information in the five-year plan progress report is not available to the public, and third-party access is limited as described in (6) above.

MOSS ADAMS LLP

Ms. Marlene Dortch

Page 4

- (8) Justification of the period during which the submitting party asserts that material should not be available for public disclosure:

The Company requests that the extracted information be withheld from public inspection indefinitely. The information in the five-year plan progress report details the Company's most recent network upgrades in relation to its previously submitted service quality improvement plan. It may also contain upcoming planned network improvements during the five-year period ending 2019. This information would provide a very useful baseline for competitors for several years beyond that period.

- (9) Any other information that the party seeking confidential information treatment believes may be useful in assessing whether its request for confidentiality should be granted:

Exemption 4 of FOIA shields from public disclosure commercial or financial information obtained from a person that is privileged or confidential. Based on the responses provided above, the information in question satisfies this test.

Financial Annual Report

Section 3005 of FCC Form 481 requires a privately-held rate-of-return carrier receiving high cost support to attach a full and complete annual report of the company's financial condition and operations pursuant to 47 C.F.R. §54.313(f)(2). Scott County Telephone Company seeks confidential treatment of its financial annual report pursuant to the June 17, 2015 *Protective Order* in WC Docket No. 10-90, *et al.*¹ The *Protective Order* specifically covers information filed pursuant to 47 C.F.R. §54.313(f)(2).

Scott County Telephone Company is providing to the Office of the Secretary, under seal, this cover letter and the Form 481 filing which includes the confidential information that is being requested to be withheld from public inspection.

Each page of the five-year service quality improvement plan progress report confidential submission bears the legend, "CONFIDENTIAL – NOT FOR PUBLIC DISCLOSURE."

Each page of the financial annual report confidential submission bears the legend, "CONFIDENTIAL FINANCIAL INFORMATION – SUBJECT TO PROTECTIVE ORDER IN WC DOCKET NOS. 10-90, 07-135, 05-337, 03-109, 14-58, CC DOCKET NOS. 01-92, 96-45, GN DOCKET NO. 09-51, WT DOCKET NO. 10-208, BEFORE THE FEDERAL COMMUNICATIONS COMMISSION."

Two copies of the Form 481 filing in redacted form and an accompanying cover letter are also being provided with the confidential filing. Each page of the redacted filing and accompanying cover letter is marked "REDACTED - FOR PUBLIC INSPECTION."

Two copies of this cover letter and the Form 481 filing with the confidential information are also being delivered to Mr. Charles Tyler, Telecommunications Access Policy Division, Wireline Competition Bureau.

The confidential information has also been submitted to the Universal Service Administrative Company through its E-File system as attachments to the FCC Form 481.

This cover letter includes no confidential information and the text is the same in both the non-redacted and redacted versions except for the confidentiality markings.
